# GARDEN CHIT CHAT

Welcome to our 43rd edition catalogue. Once again, we would like to thank everyone for your support of Mid-America Garden. Reflecting on 2022 there were lots of changes here at the garden. First and foremost was losing our right-hand man. Carlos had been with us on a full-time basis for nine years and he had worked for us in some capacity for over 20 years. Carlos and his wife decided they wanted to be closer to her family so they moved to Atlanta in the middle of June. We miss him being here not only as a worker but as a friend and confidant. We wish he and his family all the best in their new endeavors. Thank you Carlos, for your years of dedication and commitment, you helped make Mid-America what it is today!

It is a big year introduction wise. We feel that it is one of the best if not the best line up of new introductions we have released in a single year. On a bit of a sad note, this will be the final year that we will be introducing iris for Barry Blyth. We have finished evaluating the last of the seedlings he sent us. I believe there will still be a handful of Barry's seedlings that will be introduced by Smokin' Heights Garden in Australia. Once again, I would like to personally thank Barry for his constant words of encouragement and support all these years. You have been not only a huge inspiration but a confidant, mentor and friend.

This is the year that we are finally releasing seedling TJ335B which is now named Lovely Livvy. It is with great joy that we decided to name this in honor of the late Olivia Newton-John. It just seemed fitting that a creation with such distinct colors and beauty should be dedicated to her memory. A portion of the sales from each rhizome sold will be donated to the cancer and wellness hospital she created in Melbourne, Australia. Olivia lived with breast cancer both in and out of remission for over 20 years and dedicated the last several years of her life raising funding to research and find a cure. Olivia, we tip out hats to you in gratitude for your kindness, compassion, humility, and all you did to help others. Thank you for setting the example.

The printed catalogue is a bit smaller than last year's edition as we transition some of the products to the website. Costs of printing the catalogue have skyrocketed forcing us to make some tough decisions. Most of the median classes of iris along with the TB introductions of Lynda Miller and Barry Blyth are exclusively on the website. There are also several TB's that you will find only online. A great deal of effort has been put into the website to continually improve upon it and to make it more user friendly. One of our favorite functions of the website is it allows us to display multiple pictures of the same cultivar. It is nice to have the ability to show not only single flowers, but stalk shots and clump shots. We think we can more accurately depict the color and form with photos taken from different angles, lighting and even in different years. It is kind of like having the ability to show the character of each variety. If you haven't already done so we recommend you visit our website [www.mid-americanagarden.com](http://www.mid-americanagarden.com)

2022 was a great year for the Mid-America Garden family of hybridizers. Medal winners include Good Morning Sunshine (Thomas) Wister Medal, Apple Crisp (Paul) Sass Medal, and Football Hero (Lynda) Dykes Medal. A huge congratulations to Football Hero and Lynda for this award, a well-deserved achievement!! Thank you to all the judges who have taken the time to grow and evaluate our introductions.

The catalogue you are holding is a result of the talents of our great friend Mirena Oberg. I provide her with the content and then she works her magic laying it out. Thank you Mirena for your passion and commitment. Here is wishing each and every one of you the best iris year ever and thank you again for your continued support, it is because of you that we are able to live our passion for growing and breeding iris!

Falls are a wide and ruffled deep plush burgundy to near black. Nicely branched show stems with good buds make it a show bench contender. Spring

**FEEL THE BEAT (Thomas Johnson '23) TB Midseason 36" (91.5cm) Sweet fragrance.** Milky white standards have medium lemon centers. Falls have a large maroon signal in the center that is touched gold on either side of the beard. The signal then bleeds down the fall and transitions to a solid deep lilac and finally becoming lighter lilac, forming a band at the petal's edge. This has been a fun iris to hybridize with for the pansy face pattern. Oddly enough it is a sister to Loving Embrace which is a salmon amoena and Brilliant Debut which is a yellow amoena. So the range of colors in this cross is amazing. Sdlg. TJ334A: Loving Embrace sib. **\$65.00**

Feel The  
Beat

The color of the fall can be quite different depending on the weather and the year. This last spring we were cool and wet the whole time and the flowers opened up a rich brown in the fall and then transitioned to the lighter color. Check out additional pics on the website to see for yourself. Fields of Gold is another example of the fun color ranges coming out of the fantastic parent Truth Or Dare. Sdlg. Olivia was not only a very talented celebrity but she was a gorgeous human being. Although I never met her, I certainly followed her career and life. Always a kind, warm and loving person, she never acted the celebrity, taking time to acknowledge all who came upon her. She courageously fought breast cancer in an out of remission for 20 years. Never one to complain she always looked on the positive side of things. The latter part of her life was dedicated to finding a cure for Cancer. She founded the Oliva Newton-John Cancer And Wellness Centre In Melbourne, Australia, the country she called home. Here she tirelessly raised money to support cancer research using plant-based treatments. Lovely Livvy was the pet name the media used throughout Olivia's life to describe her. The iris we have chosen to honor her kind of named itself. Firstly, it is pink, the color of breast cancer awareness. On top of that, I made the cross in the garden of Barry and Lesley Blyth (using two of Barry's seedlings), who live only miles from where Olivia grew up. **Lovely Livvy** is an extraordinary and unique creation in a color combination that has not yet been seen in iris until now. White standards are flushed pink. Falls are a deeper rose pink with a gorgeous ruffled white band. Olivia with her kind and generous heart has inspired me to do my part, so I have decided to donate a portion of the proceeds of each plant sold to her Cancer research centre in Australia. Sdlg. **Light The Night**

**Magnum Gold**

**MAGNUM GOLD** (P. Black '23) TB Early-Late 34" (86cm) Pronounced spicy fragrance. The name says it all, huge flowers and plenty of them. Heavily ruffled mid-dark yellow-gold flowers with vibrant marigold beards are a bold statement in the garden. You can't miss it. Strong growth produces show stalks with 3 branches and 8 buds. Sdlg. AA58A: Winter's Smile X Marrying Kind **\$60.00**

**MAKE ME WANNA SHOUT** (P. Black '23) TB Early-Midseason 29" (74cm) Pronounced sweet fragrance. Oh yes, that big billowy ruffled form is something to shout about. Mid red violet standards have ruffled light buff bands and subtle gray-white veins shot outward from their centers. Styles are light buff. Mid dark red violet blended falls have muted fine gray-white lines overall, narrow gray-white bands and white luminata patch. Beards progress from mid marigold ending in white. Blue-green foliage has limited purple base. Mid slate purple stalks have 3 branches plus spur and 8-10 buds. Lovely clumps. Sdlg. Z2C, Feast For The Eyes sib **\$65.00**

**Make Me Wanna Shout**

**MEGA RUFFLES** (P. Black '23) TB Early-Midseason 30" (76cm) Slight spicy fragrance. If ruffles are your delight, then you'll be on max overload with this exuberantly ruffled beauty. Light rosy peach standards blend to wide buttery yellow bands. Velvety dark red-grape falls have darker veins and lines overall and are encased in precise, closely packed light rose-pink bands. Tan-gold beards echo the standards color. With so many ruffles, these larger flowers open easily and completely. There are two branches and only 5 buds. Buds open one at a time so each can be fully appreciated and not shorten the bloom time. Fat super ruffled buds are quite fun. Sdlg. AA145A: Autumn Jewel X My Passion **\$65.00**

Mega Ruffles

Misplaced  
Dots

**MISPLACED DOTS** (P. Black '23) TB Midseason-Very Late 42" (107cm) Slight spicy fragrance. Other crosses using 'Starry Starry Night' have yielded more startling broken color plicatas. Plic markings on 'Misplaced Dots' are quite variable but the overall look is a traditional violet blue plicata. In breeding it has both the possibility of rebloom and broken color plics. Mid violet blue standards have slightly darker edge stitching and white plic centers. Styles are dark violet blue. Narrow mid violet blue plic bands encircle white falls with centers heavily and randomly dotted mid violet blue. Super tall stalks have 3-4 branches plus spur and 9-11 buds. Moderately sized blooms and stalks that flex help keep stalks upright in the wind. Sdlg. AA78A, Light The Night sib **\$65.00**

**MODERN MAJESTY** (P. Black '23) TB Midseason-Very Late 30" (76cm) Pronounced spicy fragrance. No dowdy queen here. Her **Modern Majesty** is decked out in the latest fashion but still with classic tight form. Mid-dark purple centers blend lighter to wide mid mauve bands. Falls are light pinkish mauve with darker texture veins and darker rose mauve hafts veined white. Fat orange beards make a lively statement. Two branches and spur produce 7 buds. Sdlg. Z53B: Make My Heart Sing X Princess Grace **\$60.00**

New Fallen  
Snow

**NEW FALLEN SNOW** (P. Black '23) TB Early-Midseason 39" (99cm) Slight sweet fragrance. This ruffled creation is as flawless as 'New Fallen Snow'. Big full blousy white blooms standards have a slight violet tint. Big white beards overlaid vibrant orange give it distinction. Tall statuesque show stalks have 3 branches plus spur and 10-11 buds. Strong vigorous growth. Seedlings in this cross had overall superb quality and a wide range of colors. Should be a great parent. Sdlg. Y93C: Nostalgic Memory X Black U1U, Luxuriant sib **\$60.00**

Oh So Different

**OH SO DIFFERENT (P. Black '23) TB Midseason-Late 30" (76cm) No fragrance.** It takes center stage with one of the most dramatically unique flowers. Standards and falls are both a study in color and pattern. Light buffy tan blended standards are widely banded with fine dark plum filagree. Old gold style crests striped dark brown emerge from between them. White falls are a puzzle of purple black veins and sanding overall becoming darker and more closely spaced toward edges. White stitching on reverses adds more distinction. Mid marigold beards help focus the eye. Of course, this has been a favorite since it first bloomed. Three branches have 8-9 buds. Easy and fast growth. Sdlg. AA73L, How Bizarre! sib **\$65.00**

**PRACTICAL JOKE (P. Black '23) TB Early-Late 31" (79cm) Pronounced musky fragrance.** There seems to be no end to the variability of the 'Action Packed' type veined standards and falls. Standards have chalky light red-brown centers washed to mid red-brown and darker to cream band stitched and sanded light red-brown. Falls have narrow white patches sandwiched between light yellow hafts and mustard beards and decorated with dark red-brown veins and mottling. The cream ground of the lower fall disappears in a heavy overlay of red-black veins. Light yellow dotted rims and stitched reverse encircle them. Three well-spaced branches and spur have 7-8 buds. Unopened buds have unique patterning. Sdlg. Z95E, Unimaginable sib **\$60.00**

Practical Joke

**PRINCESS PRETTY PINK (P. Black '23) TB Midseason-Late 34" (86.5cm) Slight musky fragrance.** This later blooming pink ground plicata avoids the winter damage that plagued so many earlier ones of this type. Ruffled standards are mid pink blending to mid apricot edges. Mid coral styles echo these warmer colors. Light pink falls have white luminata type patches lined mid plum. Narrow ruffled red-plum plicata bands encircle the expansive falls. Coral beards are the perfect accessory. Vigorous growth creates sumptuous clumps filled with show stalks having 3 branches and 8-10 buds. Sdlg. Princess Pretty Pink

**PURE PURPLE (P. Black '23) TB Midseason-Late 36" (91cm) Pronounced sweet fragrance.** The name says it all - it's purple. Mid purple standards and styles color repeats in a narrow band around dark purple falls. Black to indigo-black beards are lost in the darkness of the falls. Strong growth and disease resistant foliage produce quality show stalks with 3 branches plus spur and 8-9 buds. Sdlg. Z112A: Black V159J, Pleasure's All Mine X Black Hole **\$60.00**

Pure Purple

**RANDOM ACTS OF KINDNESS** (P. Black '23) TB Late-Very Late 35" (89cm) Slight sweet fragrance. Sparkling pristine white flowers have standards decorated with wide vibrant mid violet plicata bands and sparse sanded veins over their centers. Amount of center markings varies considerably from sparse to overall. Contrasting dark plum style crests peek out over white falls with narrow mid purple plic bands. Dark wine sanded darts cover the hafts then give way to closely spaced light yellow veins. Light marigold to white beards are the perfect complement. Clumps provide a light and bright spot in your garden. Two branches and spur have 5 buds. Sdlg. Z64E: All Too Exciting X Black W143F, Wild Streak sib **\$65.00**

Satan's  
Tango

**SATAN'S TANGO** (P. Black '23) TB Early-Late 32" (81cm) No fragrance. This bold devil is all about motion and intensity. Let the dance begin. Highly ruffled vivid mid yellow standards swirl around same-colored styles with crests streaked rust. Edges of velvety red-black falls are trimmed mid red and yellow. White veins thrust over the hafts in a moustache pattern. Clumps are ooh la la hot! Moderate sized flowers are born in great abundance on show stalks with 3 branches and 8-9 buds. Clean foliage and easy growth make this a top pick garden variety. Sdlg. Z95K, Unimaginable sib **\$65.00**

**SHE'S BEAUTIFUL** (P. Black '23) TB Midseason-Late 36" (91cm) Slight sweet fragrance. Another project breeders have pursued for many years is putting a pink beard on a blue or purple iris. It seems loads of baby steps still haven't gotten us there. These icy blue-white blooms have coral pink beards. I probably don't have enough years left to make it to the goal on this one. I'll have to be content with it in my dreams. Sdlg. Z136A: Black W152A: (Black T80A: Fantasy In Pink x Black Q6A: (Dearie x Drifting Bubbles)) X Fire And Ice **\$60.00**

Sort Of  
Green

**SORT OF GREEN** (P. Black '23) TB Midseason-Very Late 33" (84cm) Pronounced sweet fragrance. Greenish irises are a fine dance of blue/purple and yellow pigments. Sometimes we're lucky enough to get things that look yellowish olive that we can imagine are green. Most of the time the seedlings just end up being shades of mud. Lovely show stalks have 3 branches plus spur and 8-9 of these yellowish olive novelties. Sdlg. Z128A: involved parentage **\$60.00**

**Sparkle  
And Shine**

**SPARKLE AND SHINE (P. Black '23) TB Midseason-Late 31" (79cm) Slight sweet fragrance.** What an impressive clump this one makes in the garden. Stark white standards dance above strongly flared warmer white falls that become wide mottled and washed mid violet bands. Fiery orange beards demand you come in for a closer look. The bloom keeps on going and going with 4 branches and 10-11 buds. Sdlg. AA63A: Color Wheel X Black Y126 caramel sib: (You Belong To Me x Black Y61B, Creature Of The Night sib) **\$65.00**

**SUNSHINE BOUQUET (P. Black '23) TB Midseason-Late 35" (89cm) Strong sweet fragrance.** There is nothing that shines in a garden like yellow. This clean as a whistle bright clear yellow glaciata has even more carrying power because of the white patch below yellow beards. If you're keen to hybridize luminatas, pair this one up with a quality luminata and you should get plenty. Taller and better vigor than many glaciatas. Three branches provide 8 buds. Sdlg. **THUNDER SNOW (P. Black '23) TB Early-Midseason 32" (81cm) Pronounced sweet fragrance.** The quest goes on for a white with blue beard. Each year the hope is that it will be there in the new crop of seedlings. Alas, it hasn't been. There are beautiful creations that do happen. This beautifully formed milk-glass white has pale violet blue beards. Vigorous growth provides 2 branches and 7 buds. Sdlg. AA139A: involved parentage **\$60.00**

**UNIMAGINABLE (P. Black '23) TB Early-Midseason 35" (89cm) Slight musky fragrance.** It is difficult to say which of the newer veined standards and falls creations I like best. Each is distinctive and has its own appeal. **Unimaginable** is certainly toward the top of the list. Standards are pale lilac with one inch band of dark plum and solid rim. Circular white upper half of falls is covered with black veins progressing to solid black lower half with white dotted laced rims. It is an amazing look. Three branches produce 7-8 buds. Lots of plicata in the background. Sdlg. Z95G: Black V145A: (Etcetera x Spiced Lemon) X Laser Light Show **\$65.00**

## PAUL BLACK MEDIAN INTRODUCTIONS

**ABSOLUTE PERFECTION (Black '23)** IB Early-Late 25" (33cm). Pronounced musky fragrance. I think without a doubt this is the finest of the black and white plicata IBs. Sunnyside up light yellow standards sit atop mid red-brown bacon falls with a little egg at hafts and around them. Clumps are filled with stalks and plenty of increase left for next year. Sdlg. BB195C: Before The Dawn X Mesa Sunrise **\$25.00**

**BLAZING ORANGE (Black '23)** BB Mid-season-Late 26" (66cm). Pronounced sweet fragrance. This fiery apricot orange will instantly command your attention when you walk into your garden. Bright it is. Dark plum hafts showcase vivid red-orange beards. Show stalks have 3 branches and 8-9 buds. Makes quick clumps. Sdlg. Z125A: Time Out X Shivaree **\$40.00**

**BOOM (Black '23)** SDB Midseason-Late 15" (38cm). Pronounced sweet fragrance. It is spring's explosion of color. Light peach standards are a soft foil for the raucous mid plum falls widely banded light rosy mauve. Bright dark orange beards go "Boom"! Clumps are filled with stalks. Robust growth. Sdlg. BB227A: Hey Look At Me X Yoda **\$25.00**

**CANDY TYCOON (Black '23)** MTB (tet) Mid-season-Late 25" (63cm). No fragrance. This tycoon has cornered the market on pink cotton candy blooms. Light peach pink standards and styles top falls with pale peach pink hafts lined and sanded mid rose-pink blending to wide rose band then narrowly edged light peach pink. Coral pink beards are the perfect accessory. Super show stalks have 4 branches and sometimes rebranch with 9-14 buds. Sdlg. AA166G: Black X201C: (Black T171E, Casual Attire pod parent x Black T171D, sib) X Black Y179A, Bright Victory sib **\$30.00**

**CINEMAGIC (Black '23)** SDB Early 13" (33cm). Pronounced sweet fragrance. Mid gold standards and styles glow above wide mid ruby falls blended lighter toward edges. Light violet beards tipped black-brown terminate in wide black cherry center stripes. Nice breeding for broken color SDBs. Sdlg. BB246D: Black Y278B: (Black V316F, Circus Act sib x Don't Fix It) X Yoda **\$25.00**

**CLEAR VIEW (Black '23)** SDB Midseason-Late 13" (33cm). No fragrance. Chalky pale lilac standards have wide light mauve finely lined bands. Dark red purple falls have white veins over hafts and short light violet dart at end of light orange to white beards. Very pretty ruffled form. Sdlg. BB245B: Black Y270A: (involved) X By The Sea **\$25.00**

**DEMURE PRINCESS (Black '23)** SDB Early-Midseason 13" (33cm). Pronounced spicy fragrance. Absolutely beautiful in every way – form, color and plants. Round and gently ruffled falls of mid violet blue flowers have large darker violet blue spots with white darts over hafts. Soft pale blue beards are the perfect accent. Evenly distributed stalks throughout the clump. Sdlg. BB199F: Zaa Zaa Zing sib **\$25.00**

**DESERT DYNAMO (Black '23)** AB OGB-Late 32" (81cm). Slight sweet fragrance. Big flowers are carried on show branched stalks with 2 branches and 5 buds. Pale violet white standards have light buff filigree overall. Large smoky tan styles peer out over mid grayed rosy violet blended falls. Dark Dutch chocolate beards end in dark grape aril signals. Sdlg. BB185A: Smokin' Hot X Big Band **\$30.00**

**DIFFERENT PATH (Black '23)** BB Early-Mid-season 26" (66cm). Slight sweet fragrance. In addition to using the species *I. junonia* in my SDB breeding, I've also used it in TB breeding to bring new genes into plicatas. In only two generations, form is modern and show stalks have been the norm. Gently ruffled standards are mid tan-gold rouged light rose over centers. White blended to butter ground falls have rosy plum plic hafts and 1" bands. Mid-marigold beards echo the standards. Easy growth produces quick clumps filled with stalks having 4 branches and 8-9 buds. Sdlg. Z149A: Black X220A: (Barbara May x *I. junonia*) X House of Cards **\$40.00**

**DROP DEAD GORGEOUS (Black '23)** BB Late-Very Late 24" (61cm). Slight musky fragrance. You'll return again and again to gaze upon this sultry siren. Full, classically formed flowers have smooth mid-dark garnet standards. Velvety black cherry falls are delicately edged in narrow paler ruffles. Glowing light yellow hafts are veined and sanded black cherry and adorned with smoldering burnt orange beards. Clean, vigorous growth produces show stalks with 3 branches and 7-9 buds. The IB 'Morning Show' was used to provide a different genetic base in the quest for "the red iris". Sdlg. Z121A: Black V170A: (Morning Show x Black P248B, Hi Love pollen parent) X Black X59A, Radiant Garnet sib **\$40.00**

**FLIPPANT (Black '23)** IB Midseason-Late 24" (61cm). Pronounced sweet fragrance. Who can get too serious with a clump filled with these wildly colored jokers? What one can take seriously are the superbly formed flowers carried in abundance on show stalks. Cream standards have wide maroon plicata bands and heavily marked centers. Light yellow falls have wide maroon plicata bands. Widely spaced dramatic dark maroon veins course downward. Vivid marigold beards shout, "I don't care!". Show stalks have 2 branches plus spur and 8-9 buds. An exceptional garden variety. Sdlg. Z167A: Black U194G, Peppito sib X Cat Tales **\$30.00**

**DREAM OF DREAMS (Black '23)** SDB Late-Very Late 15" (38cm). Pronounced sweet fragrance. This little jewel represents one more refinement in a many generations quest for late blooming, multi-budded and branched stalks with shorter foliage so all flowers can be seen. I place it close to the top of my breeding accomplishments. Clear mid yellow flowers are born on 2 branches plus spur and 7-8 buds. That sort of stalk and buds would make even a TB proud. Stalks are mid slate purple. Now the challenge is to add more colors and patterns. Imagine the breeding potential represented here. An easy candidate for "Queen of Show". Sdlg. AA157A: Continuation X Black Y191A, Perfectly Composed sib **\$25.00**

**FEELING PRETTY (Black '23)** SDB Late-Very Late 15" (38cm). Pronounced spicy fragrance. These clear, soft pastel colors will provide a calming presence for your garden. The light peach to greenish cream glaciata flowers are a perfect foil for taller, more colorful companions. Flowers are a bit larger than usual for the class. Can be used to breed quality plicatas, luminatas and more glaciatas. Sdlg. Z178A: Black V296B, Cool Dude sib X House of Cards **\$25.00**

**FUTURISTIC (Black '23)** SDB Midseason-Late 12" (30cm). Slight sweet fragrance. There are very subtle light tan broken color segments. Mid old gold beards give a little life to these more somber colors. 'Futuristic' is fertile and can produce variegated foliage and broken color flowers but progress is slow. Sdlg. Y262A: Black V277B: (Black S283B: (Black O335B, Burlesque Cutie pod parent x Worry Wart) x Eye Of The Tiger) X Black V324A, Egghead sib **\$25.00**

**FINE OUTFIT (Black '23)** MTB (diploid) Mid-season 21" (53cm). No fragrance. This outfit comes from an interesting genetic mix of diploid and tetraploid parents plus an unknown. In trial crosses, 'Fine Outfit' has been fertile in diploid crosses but not tetraploid. Traditional diploid type flowers have mid lilac standards with darker fine lines overall. Elongated white hafts have wide dark purple veins with lower half being solid dark purple with white wire rim. Two branches sport 7 buds. Striking clumps filled with stalks and bloom. Sdlg. BB168N: Little White Tiger X Interject **\$30.00**

**GALACTIC GIGOLO (Black '23)** AB (OGB-) Early-Midseason 22" (56cm). No fragrance. For those unsure of growing arilbreds, this 1/4 bred is for you. It grows as easily and vigorously as a SDB or IB. Standards are light lilac with mid gold bases, random dark violet flecks and gold stitched band. Styles are dark apricot gold. Big bold dark to ruby blended fall spots are widely banded mid ochre. Dark marigold beards are tipped dark garnet and end in small diffuse black aril signals. Vigorous growth produces showy clumps filled with stalks. Sdlg. CC145A: Shaman's Magic X Black AA211A, Sassy Salsa sib **\$30.00**

**GENTLE SIGH (Black '23)** MTB (tet) Midseason-Late 24" (61cm). Slight sweet fragrance. Standards of white flowers have wide mid amethyst plicata bands and dotted centers. Falls have mid amethyst plicata stitched bands. White beards have interesting auburn tips over a light amethyst layer. Show stalks have 3 branches plus spur and 10-11 buds. A lovely refinement in tetraploid MTBs. Sdlg. AA276C: To The Contrary X Deep In The Heart **\$30.00**

**IT'S A SNAP (Black '23)** MDB Early-Midseason 7" (18cm). Pronounced sweet fragrance. What a welcome sight these cute little flowers are as spring begins to ramp up. Vigorous clumps cover themselves in masses of bloom. Mid-light brassy gold standards color repeats in wire rims around dark mahogany blended falls. Sdlg. BB195B, Bacon And Eggs sib **\$25.00**

**PATRIOTIC (Black '23)** BB Midseason-Very Late 27" (69cm). I've been working a number of generations for a turquoise TB or at least one that leans well in that direction. I've been incorporating medians to give more genetic possibility. 'Patriotic' is a clear sky blue with fine dark blue lines over the falls. Classically formed flowers are carried on show stalks with 3 branches and spur providing 8-10 buds. Clumps are filled with stalks and bloom. Sdlg. AA148A: Poise And Charm X Black W164A: (Luxuriant x Black U67 mid blue sib to pollen parent of New Fangled) **\$40.00**

**GONZO (Black '23)** BB Midseason-Late 25" (63.5cm). Slight spicy fragrance. Great substance! This cross gave a wide range of unique colors and patterns and most having superior branching and buds. Standards and styles are mid greenish yellow. Hafts of greenish cream falls are veined mid rosy brown changing to solid edgings along upper half. Dark pumpkin beards add a bit of warmth. **MINI STRIPE (Black '23)** MDB Midseason 7" (18cm). No fragrance. 'Mini Stripe' is an eye-catching sport of a quite average purple seedling. Both standards and falls of silvery translucent white flowers have mid to dark violet lines etched overall and becoming a closer stitched fall band. White styles with violet lined crests nestle between upright standards. Sdlg. Y269N: involved **\$25.00**

**PAY THE PIPER (Black '23)** BB Midseason-Late 26" (66cm). Slight spicy fragrance. Once you've paid the piper, he'll give you this spectacular creation. It makes one of the finest clumps with masses of classically formed flowers that last for days from iron like substance. Standards are light buffy pink and styles mid buffy pink. Mid buffy pink falls are washed old rose becoming darker toward edges. Hafts are veined dark old rose as are lines overall. Flaming dark orange beards complete the piper's act. **INTERJECT (Black '23)** MTB dip Midseason-Late 20" (51cm). No fragrance. This cross again illustrates the unusual fertility between tetraploid and diploid MTBs that nobody seems to be able to adequately explain. The seedlings from my cross W195 proved to be sterile in crosses I made. A smart bee gave me one seed that is 'Interject'. It is fertile with diploids and is being introduced to add more genes to the diploid MTB mix. Standards and styles are mid gold. Upper half of falls are white veined mid old gold and lower half is mid gold washed Dijon and rimmed in gold. Stalks have 2 branches and spur with 7-8 buds. Sdlg. Z159A: W195I: (S233A: (Redrock Princess x Ah Yes) x Mullinax Butterfly, unknown diploid) X unknown bee **\$30.00**

Mid slate garnet flowers have rusty orange hafts with white veins. Two branches and 4 buds is normal. Sdlg. BB208A: Weird Science X Sweet Pink **\$25.00**

**PULSATING (Black '23)** MDB Midseason-Late 7.5" (19cm). Pronounced sweet fragrance. It is all about color for this little guy. It makes for an exciting parent. Ruffled and lightly laced khaki standards have slate red violet bases. Light khaki style crests are laced. Mid yellow hafts are veined mid mahogany and darker mahogany over lower half. A neat narrow ruffled and laced light khaki band encircles them. Soft old gold beards are the perfect complement. Sdlg. AA259D: Jolly X Bit of Lace **\$25.00**

**SATIN BABY (Black '23)** SDB Early-Midseason 11" (28cm). Slight musky fragrance. Everything about this baby is beautiful. Nicely ruffled standards are light-mid buffy pink, as are styles. **SHE'S A BEAUTY (Black '23)** SDB Midseason-Late 13" (33cm). Pronounced sweet fragrance. This beauty is another project that has taken more than a few generations to achieve, and it still isn't finished. The goal is a clear pink amoena and blue/pink bicolor. Cool white standards have light green veins up midribs. Light peach falls blend to buttery yellow. White stripes at ends of half and half mid-orange and white beards add a unique touch. Sdlg. BB215A: Black X265C: involved X Burlesque Cutie **\$25.00**

**TOUCH OF TURQUOISE (Black '23)** SDB Midseason-Late 12" (30cm). Pronounced sweet fragrance. What can I say, "it's pretty". Mid lilac standards base blends upward to light mauve pink with gilt tan-gold rims. Mid mauve pink styles peer out over very round light buff-pink falls etched with plum veins over their hafts. Fluffy tangerine beards top it all off. Strong growth creates clumps filled with show stalks having 3 branches plus 2 spurs with 9-12 buds. Exceptionally nice in every respect. Sdlg.
