GARDEN CHIT CHAT

Well, I am not sure what to say about the year gone past other than it was a memorable one for sure!! There was hardly a day would go by without some uncertainty. In the beginning I wondered if anyone would order and then when the orders did come in I wondered if we would be able to ship them. Bloom season came and it was eerily quiet. All our usual visitors and friends from overseas that make the annual pilgrimage could not come, flights were cancelled and/or restricted to cargo only from many countries as the world became engulfed in the uncertainty of a pandemic.

From the first of April through Mother's Day I am usually on the road each weekend selling plants at different plant shows, this year they all cancelled. So, what does one do when you are alone in a field of iris? Well if you are an Iris addict, like me it can be quite dangerous. I literally took thousands of pictures and made hundreds of hybrid crosses. Bloom was quite good other than the bit of rain in the middle of the season. I tried to live in the moment and enjoy the bloom as much as possible. There is something to be said about actually taking a step back and "smelling the Irises" so to speak. Watching the news each night made me truly realize how lucky I was to be able to safely shelter in place surrounded by the beauty of iris and the garden.

Shipping season came and each day was a bit of a challenge. Both the postal service and UPS were suffering delays and the rules regarding shipping plants to foreign destinations changed daily. There was never any certainty that plants would reach their final destinations. Some shipments were routed through other countries instead of going direct like usual. Miraculously all the orders made it to their destinations with the exception of one country whose borders

closed and were not receiving shipments or mail from other countries. Those orders were all refunded and we hope by shipping season this year we will be able to ship there again.

In the end we had a good year albeit it a bit tumultuous to say the least. Thank you to each and every one of you for your patience and more importantly your orders this past season. I feel very fortunate and blessed in a year when so many lost so much. I know some of you have personally felt the loss of a family member or friend from this pandemic. I hope that you have somehow been able to find peace and closure.

With the dawning of the new year we all look forward to return of some sort of normalcy. I have taken the plunge and had a new website built. The old website has had its issues over the years. Hopefully by the time you read this the new site will be up and running. We are still toying each year with the idea of scaling back or doing away with the catalogue. It takes a great amount of effort and time to put it all together but always seems so worth it when it is printed. There still is nothing like turning the pages of a paper book. I would be interested in hearing comments on a reduced catalogue or even web only.

No awards to report this year as the American iris Society cancelled most all of its events including the judging and awarding of garden performance medals due to covid. Hopefully things will get back on track this year. Happy gardening, stay safe and healthy and once again thank you for your loyal support of Mid-America Garden and our hybridizing efforts.

MAGIC IN ME (B. Blyth '21) **TB** Midseason-late 37" (94cm) This came from a cross made in Keith Keppel's garden in Oregon by me using an American Iris as pod parent and pollen parent is from a Keppel cross made in Australia from Australian varieties and seed sent back to US and raised by Keith Keppel. The seedling which was to become Magic In Me was raised and selected in Australia and was returned to America for naming and introduction, a complete international effort! Standards are creamy lemon, faintly flushed lavender at midribs. The falls are lavender-violet with blended tan around the edges and hafts. Beards are prominent burnt tangerine. An elegant iris that grows easily and flowers in profusion. Sdlg. Z16-1: Wishes Granted X Keppel 11-178X: (Jealous Guy x Rubenesque) **\$65.00**

MYSTICANO (B. Blyth '21) **TB** Early-Midseason 34" (86cm)
 A striking and contrasting variegata. Standards are light golden yellow infused tan and with faint light violet infusion at base of midribs. The falls are near black with a reddish cast. A small spray of white is at each side of the orange-over-white beards. Show stems abound and it is fertile. Variegatas are difficult to improve upon in hybridizing and this we feel is a good step towards that elusive perfect specimen. Sdlg Y77-A: (Keppel 06-59A: ((Italian Master sib x ((Enjoy The Party x Kathleen Kay Nelson) x Calling)) x Lesley Blyth 03L-4-4: (Secret Service x Wearing Rubies)) x Reckless Abandon) X Island Drumbeat sib **\$55.00**

Noble Class

NOBLE CLASS (B. Blyth '21) **TB** Midseason 36" (91cm)
 This is moving towards that fabled black and white tall bearded Iris. The standards are icy white. Falls are near black violet. There is a variable 1/4" white-violet shading on the reverse of falls that shows on the ruffles, also a small white spray each side of beards that are black violet, tipped light orange. Lovely flared form and show stems. Sdlg Z108-1: Pollen parent of Say The Word X (Colour Bazaar x unknown) **\$55.00**

POETIC DREAM (B. Blyth '21) **TB** Midseason 38" (96cm)
 A delicious ruffled creamy pastel. The standards are creamy white, flushed lavender and shading to lemon at the midribs. Falls are white with 1/4" blended edge of creamy lemon. Beards are crisp soft lemon over white. Exceptional form and display in a clump. Super show Iris and should be an exceptional parent. Sdlg. Sassy Talk

SASSY TALK (B. Blyth '21) **TB** Midseason 36" (91cm) Best way to describe this is to look at the photograph. However, standards are creamy lemon with a faint wire edge and even lighter veining of the fall colour. Style arms are prominent tan over lemon. Falls are white with variable red-violet stitching and dotting, occasionally showing as "broken color". It is a strong color contrast. Beards are old gold over red-violet. Show stems and makes a definite statement in the garden. Fertile. Sdlg X138-E: Petticoat Shuffle X Keppel 09-85D, Mixed Signals sib **\$55.00**

THINK DIAMONDS (B. Blyth '21) **IB** TB Early-Midseason 38" (96cm) We have loved this sister to Lovology from the first day it opened and it has been exceptional each season since. The standards are creamy white, deepening at midribs to soft lemon. Falls are creamy white with rich gold hafts spreading across the falls and shading lighter down the falls. Beards are golden orange, lightening towards outer parts. Branching is a bit high for a champion show stem, but it has heaps of buds and makes a spectacular display in a clump. Good increaser. TOTALLY CHARMED (B. Blyth '21) **IB** TB Midseason 37" (94cm) Apart from its excellent production of show stems, this lovely Iris should really charm the judges. The standards are white with a faint flush of soft pink at the midribs. The falls are wide and lightly ruffled and pastel peach over cream. Some light tan veining radiating from the hafts. Very fertile. Organza, its pod parent is proving to be a super parent. Sdlg Y110-B: Organza X Lost In Dreams. **\$55.00**

WEARING PINK (B. Blyth '21) **IB** TB Early-Midseason 38" (96cm) A difficult colour to convey with words. Shades of rose-pink, more silver on the falls. Beards are vivid tangerine. WITH DARING (B. Blyth '21) **TB** Midseason-late 36" (91cm) Variegatas are nearly as difficult to improve upon as are pink amoenas. This one has bright lemon-yellow standards with a fine 1/32" burgundy wire edge. Falls are rich burgundy with an outpouring of yellow coming 1/3 of the way down the falls. Beards are gold. Plenty of show stems. Fertility untried. Sdlg A131-1: (Superhero x Reckless Abandon) X Bombastic. **\$55.00**

You Can Dance

YOU CAN DANCE (B. Blyth '21) **TB** Early-Midseason 36" (91cm) Standards are shaded from near white to soft rosy pink at the midribs. Falls are shaded from pale pink, deepening to soft rose pink and again lightening below the tangerine beards. The reverse of the falls shows well with the ruffles and is near white to soft rose pink. Good grower with good garden traits. Should be an interesting parent as Valley Of Dreams has given an abundance of worthy children. Sdlg: Y105-A: sib to Impressed pollen parent **\$55.00**

ZIP TO THE MOON (B. Blyth '21) **TB** Midseason 38" (96cm)) A near amoena. Standards are white with cream shading at midribs. Styles are lemon yellow and noticeable. Falls are rich golden yellow. Beards are vivid tangerine. Gorgeous in the garden including some show stems. A break through in colour patterns and it took Iris from Ghio, Keppel and Blyth to do it. It has been difficult to have a tangerine beard on a yellow amoena, always it was a yellow beard. The genetic link has been broken after 50 years of trying. BECOMING (P. Black '21) TB Late-Very late 30" (76cm) 'Becoming' is a love it or hate it iris. It is always 'Becoming' a different version of itself. The transformation from beginning to end is dramatic. Love it or hate it, you will always be able to identify it immediately. It begins life as a rich dark purple blend. Within a few hours fall centers begin transform to golden tan and finally to tan. Standards undergo a similar but less dramatic change. Standards interior remains a vivid mid purple. Beards are a strange gray, tan, and purple mix. Stalks with 4 branches and spur and 12-14 buds ensure there'll be plenty of flowers to help you make up your mind whether it is love or hate. Sdlg. BESPOKE (P. Black '21) TB Midseason-Very Late 34" (76cm) The hazy anthocyanin (blue to purple pigments) over the lower falls of plicatas have been informally dubbed "ghost plics" because of their ethereal appearance. It is probably a variant of the Celestar pattern and can vary considerably in intensity and application. White standards are heavily plic sanded over centers becoming solid toward red plum bands lined darker plum and showcasing unique black plum styles. Wide white falls have 3/4 inch stitched and sanded lilac plic bands with ghostly light lilac rouging inside them and dark plum haft markings. Mid marigold beards are a delightful accent. Show stalks have 4 branches and spur and 10-12 buds. Later bloom helps ensure a quality performance in colder climates. Sdlg. Y14F: Inklination X Steal My Heart \$55.00

COCKEYED OPTIMIST (P. Black '21) TB Early-Midseason 30" (81cm) One does have to be a "**Cockeyed Optimist**" to believe a variegated foliage and variegated flower in the same plant can be created. Optimism wins out. Here it is. Standards have larger random segments of dusky lilac and straw. White falls are banded varying from mid gold to dull peach to red plum and centers are randomly splashed and streaked lilac to red plum. Foliage and stalks are green streaked ivory white. Reticulated Ruby

RETICULATED RUBY (P. Black '21) TB Midseason-Late 33" (84cm)) '**Reticulated Ruby**' probably won't win any beauty contest. It is being introduced mostly for the unique reticulated fall pattern. This is the first time I've seen it, although there may be others. Veins normally descend the falls in an open linear fashion. Reticulated Ruby's veins all interconnected so as to create islands of darker color. The patterning isn't obvious until the veins lighten as the flower ages. ATOM SMASHER (T. Johnson '21) SDB Mid-season 14" (35cm). Brilliant golden yellow standards with red veining at the petal edges. Falls have a near solid cranberry overlay on a yellow orange ground with saturated tangerine beards. Brilliant!! Abso-lutely stunning clumps!! Sdlg TK270A: Gottcha Good X Alaia. \$25.00

GOOD FEELING (T. Johnson '21) SDB Late 12" (30.5cm) Salmon pink standards. Falls have an apricot pink ground with a deep violet plicata fall wash surrounded with a salmon pink band. Nicely formed flowers with three to four buds. **Good Feeling** presents itself very well with elegant and floriferous clumps. Sdlg. TK270C: Sib to Atom Smasher \$25.00

JOYOUS ONE (T. Johnson '21) SDB Midseason 12" (30.5cm) Very light icy blue standards. The falls are a milk glass white with deep gold thumbprint hafts that extend down the petal. Huge frosted lavender blue beards complete the combination. Super strong grower and very floriferous making a quick and showy clump. Sdlg TJ30B: sib to Little Miss Sunshine. \$25.00

BELIEVE (T. Johnson '21) SDB Late 14" (35cm). **Believe** is named to remind myself that someday I hope to have a dramatic orange with deep blue beards. Although this is not it yet, it is another step in that direction. Very pretty with nice stems, growth and plenty of buds. Sdlg. TK277C: Sib to Honorary X Keppel 0916-A, (((Spring Fresh x (Oregon x Chanted)) x Cachet) x Bluebeard's Ghost). \$25.00

LOST MY MIND (T. Johnson '21) SDB Early-Midseason 14" (35cm) Near solid light orange standards over orange falls that are overlaid, lined and dotted with red violet. Heavily saturated tangerine beards. Very wide, round and ruffled flowers cover the clumps creating a stunning effect. Sdlg TK270H: sib to Atom Smasher and Good Feeling. \$25.00

BUDGIE (T. Johnson '21) SDB Early 13" (33cm) Flashy canary yellow with a yellow patch around the beard, then a diffused rust spot encircled by a wide canary yellow border. What really makes **Budgie** stand out is the ruffled, rounded petals and the overall symmetrically round flowers. Very cute indeed!! Sdlg. TK290C: Thimble X sib to Searing Embers. \$25.00

HIT THE JACKPOT (T. Johnson '21) SDB Midseason 13" (33cm) I have a bit of a fascination for beards especially on the SDBs. In my opinion the beard can make or break the flower. The large blue frosted beards on this canary yellow self definitely "make" the blooms on Hit the Jackpot. The white patch under and around the beard only adds to the contrast. Startling and beautiful in clump!! Sdlg TK284B: ((Wit x ((Fusspot x (Stormy Circle x Neutron sib)) x Bright Note)) x Worry Wart) X pollen parent of Believe. \$25.00

PENNY FOR YOUR THOUGHTS (T. Johnson '21) SDB Late 15" (38cm) Brilliant golden yellow with deep rust red plicata dots at the hafts becoming lighter rust red near the bottom edge of the falls. Very intensely bright!! Sdlg TK268H: sib to Here And There. \$25.00

SPICY HOT (T. Johnson '21) SDB Midseason 14" (35cm) Golden yellow with an overall maroon wash and dots on falls. Beards are intense orange. The flowers on **Spicy Hot** are so intensely colored they appear neon in the field. COLOR!! Sdlg TK292A: Alaia X illegible cross tag. \$25.00

TULA (T. Johnson '21) SDB Midseason 12" (30.5cm) Named after our little dog, **Tula** is a beauty that was labeled for introduction since its maiden bloom. Standards are an off white with light violet plicata dots and lemon flush throughout. Falls are interesting with white ground overlaid almost completely with deeper violet plicata dots. Adding to the interest are deep violet veins that extend from around the beard to petal edge. All of this is highlighted by very shocking medium lemon style arms that are very visible, creating a strong contrast. Three buds, good growth and bloom habits make this a garden favorite and a fun parent. Sdlg TJ8B: sib to Get Ready. \$25.00

DISCO BALL (Miller '21) Tet. MTB Early-Mid-season 20" (51cm) Standards peach shaded orchid w/ apricot rim and styles; Falls peach veined rose; lightly ruffled & 9 buds Sdlg 4414B: Raspberry Shocker X (Rustle Of Spring x Standing Alone) \$30.00

SWEET BABY GIRL (T. Johnson '21) SDB Early 10" (24.5cm) White ground with wide mauve plicata band and midrib in standards. The beards absolutely bring **Sweet Baby Girl** to life. Gorgeous and elegant!! Sdlg TK267C: Unwritten X sib to Searing Embers. \$25.00

ZIG ZAG (T. Johnson '21) SDB Late 12" (30.5cm) Two things immediately come to mind when I think of this flower: the brilliant beard and the wonderful wide, round and ruffled form. It could be described as a rimmed broken color plicata. A very interesting mix of several patterns in one. I have used it heavily in breeding. **Zig Zag** is one of many iris to be introduced out of the fantastic parent Alaia. Sdlg TK282B: Stylish Miss X Alaia. \$25.00

DROP THE MIC (Miller '21) MTB Midseason 17-19" (46cm) Standards open pale violet paling to white w/ blue veins; Falls light violet blue veined dark purple paling to white w/ med purple veins Sdlg 1314H: Lost cross tag. \$30.00

BEAUTIFUL BROWN EYES (Black '21) AB (OGB) Midseason 24" (61cm) Classic aril traits and relatively easy culture make this a prime selection for those wanting to give their first arilbred a try. Near white standards are finally netted mid lilac. Dusky mid rose falls have huge dark red brown aril signals and characteristic sparse diffuse beards. Usually one branch and 3 buds. Sdlg. Byzantine Ruby X V351A: (Brash And Bold x S142BR, Triple Dip sib) **\$30.00**

TALKING SMACK (Miller '21) MTB Early–Midseason 22" (56cm) Tet. Dark purple w/ tangerine bds & 10 to 16 buds!!! First in my quest for a black w/ red beards! Sdlg 515A: ((Ben A Factor x Red Trooper) x unknown) X (Raspberry Shocker x Night Spirit). **\$30.00**

BABY DOLL PINK (Black '21) MTB Early–Midseason 25" (63cm) The soft light orchid of the standards is blended over the soft pink falls. A slight metallic sheen adds a touch of mystery. Mid pink styles provide a bit of contrast as do the shrimp beards. Three branches are graced with 7–9 buds on easy to grow plants. Sdlg. Z139BB: Unknown **\$30.00**

BOO BERRY (Black '21) BB Early–Midseason 27" (69cm) This sibling to 'Poise and Charm' has all the great traits it has, classic flower form, perfect proportion, strong growth, show stalks with 3 branches and spur providing 8–9 buds. Mid blue–berry blue flowers are shaded darker blue around edges. It has a slight sweet fragrance and the added bonus of purple based foliage. I'm using it in my quest for turquoise to green TBs (tall bearded) Sdlg. X184J: 'Poise And Charm' sib **\$40.00**

AIRY FAIRY FLOWER (Black '21) BB Early–Late 23" (58cm) Flowers, flowers everywhere! The exuberant branching and buds insure you'll have loads of "Airy" flowers over a long time. There

BABY'S GOT THE BLUES (Black '21) MTB Midseason–Late 26" (66cm) Tet. The clean, dark indigo standards and inky blue black blended falls make this a great addition to the MTB class. Strong growth produces plenty of show stalks with loads of branches and buds. Unusual beards are half bronze brown and half indigo. Sdlg. Y195A: Waylaid X U66B: (Date With Destiny x S208A, Silver Ice sib) **\$30.00**

BOO TO YOU (Black '21) SDB Early–Midseason 14" (36cm) The accent here is on the round, lightly ruffled and strongly flared falls. The falls of these pristine white flowers are blended light to mid blue

over their centers leaving a wide white band and a patch around the beard. Stalks are distributed evenly throughout the clump, so flowers are never crowded. Sdlg. Z231C, By The Sea sib \$25.00

BORDEAUX BLAZE (Black '21) AB OGB– Mid-season 26" (66cm) It has strong aril characteristics including the bold burgundy blaze. Mid orchid standards surround mid apricot gold styles. Mid peach apricot hafts blend to mid violet centers banded darker dusky rose. Wide marigold beards narrow to light lavender scruffy ends. Two branches and 5 buds give it a good season of bloom. Sdlg. W306A: Energizer X S167A: (P220A: (Fancy A Flutter x Palace Symphony) x Cheap Frills) \$30.00

BY THE SEA (Black '21) SDB Early–Midseason 15" (38cm) This is the closest to a dark blue amoena I've seen. Others have varying widths of white bands. 'By the Sea' does have a white wire rim which accents the blue fall. It produces many stalks on vigorous plants. Clumps create an immediate focal point in the landscape. Sdlg. Z231A: W277A, Sky and Meadow pod parent X V279A: (S289D, Oh So Sweet sib x Riveting) \$25.00

FAIRY KING (Black '21) MTB (tet) Midseason–Late 26" (66cm) The color range of tetraploid MTBs keeps expanding at a fast pace. 'Fairy King' does its part to keep pushing it forward. White standards are washed butter and edged and veined darker. Mid yellow styles peer from between them. Dark red plum falls blend inward to dark red violet then to near black centers. Darker veins underlay the entire fall. Bountiful branching and buds insure a long bloom season. Sdlg. Y202C: V258C, Casual Attire sib X Casual Attire \$30.00

DEEP IN THE HEART (Black '21) MTB (tet) Midseason–Late 25" (63cm) The lush velvety purple black falls will draw you in for a closer look. You'll then notice the mid purple standard's color repeats in a narrow fall band. Look inside and you'll see sparkling white styles with center ridge and crest of mid lilac. It is entrancing. As with others of this type, there are loads of branching and buds to insure a long bloom season. Sdlg. Y203A: To The Contrary X long & involved \$30.00

FAMOUS (Black '21) SDB Late–Very Late 15.5" (33cm) 'Famous' is a minimal plicata that is wonderfully unique. Dark mahogany standards are lightly laced and rimmed mid tan. Cream styles have mid mahogany ridge and crest centers. Dark yellow throat and hafts of falls are plicata lined and sanded black mahogany. The lower 2/3rds of fall is dark mahogany black. Big bright beards are two-toned marigold to yellow. So far it has been a difficult parent. Sdlg. Z190G, Flying Monkey sib \$25.00

BOUNDLESS BERRY (Black '21) BB Midseason–Late 27" (69cm) Border bearded irises are no longer sulky shrinking violets. 'Boundless Berry' is testament to that with its robust growth and showy clumps filled with bloom stalks. Compact, heavily ruffled flowers have light warm pink blooms. Fall hafts are rouged red plum and veined cream and shade lighter to narrow warm pink bands. Big, dark sienna beards are an interesting contrast. Show stalks have 3 branches and 7–9 buds. A moderate sweet fragrance is a plus. Sdlg. Y171B: (Delectable Treat X V182D: (R170J, Simply Coral sib X Enough is Enough) \$40.00

EXTREME (Black '21) SDB Midseason–Late 15.5" (39cm) Yes, 'Extreme' ruffles and 'Extreme' color made this a top contender for introduction from its first bloom. Peach blooms are heavily washed dark orange giving a seductive depth of color. Huge dark orange beards grab your eye as you approach. Strong growth. Three buds on stalks with one branch. Sdlg. Y261A: V271A: (Orange Obsession x T219C, Meticulous pod parent sib) X Speak No Evil \$25.00

FLYING MONKEY (Black '21) SDB Midseason–Late 12" (30cm) What a sight this monkey is with a wonderful luminata pattern. Standards are cream heavily washed mid khaki as are the styles. Falls have huge neon marigold beards surrounded by clear mid yellow throat and hafts giving way to white surrounding their tips. The falls lower half is

washed/sanded mid brown and narrowly banded tan gold. What a sight! Very showy clumps. Excellent parent. Sdlg. Z190E: V230C: (R258A, April Fanfare sib x My Cher) X Jolly \$25.00

HEY LOOK AT ME (Black '21) SDB Midseason–Late 12" (30cm) The color demands you look. Vivid yellow gold standards flushed apricot stand open enough to reveal mid apricot styles. Burnished apricot falls blend to gold edges and are set afire with big, brilliant orange beards. Clumps scream, "Hey Look at Me". Sdlg. Y225B: T208B: (Mostly Sunny x Graceful) X V271A: (Orange Obsession x T219C, Meticulous pod parent sib) \$25.00

LET'S TALK (Black '21) SDB Early–Midseason 13" (33cm) Definitely not the usual violet and white plicata. There is an interesting dialog between the redder dark plum standards and the white falls widely plicata banded mid violet blue with red plum hafts. Big golden beards end with a neat lilac shadow. Sdlg. Y287A: Tourist Trap X W282A: (T245B: (Q85A: (Ghost Ship x O334 charcoal sib, Fido sib) x R287A, Mesa Sunrise sib) x S324F, Notation sib) \$25.00

MISSING YOU (Black '21) SDB Early–Midseason 13" (33cm) A profusion of darling pink blooms is hard to resist. Mid pink flowers have light peach throats that give way to elongated hafts lined and plicata dotted mid grape between which dance tangerine beards. Vigorous clumps are filled with stalks. Sdlg. Y237C: U193B: (Fruit Cup x S311E: (P144A: (Brash x Pink Frosting) x Q43D: (N271B, Bit of Gilt sib x Pink Potion))) X Peppito \$25.00

MOUSE THAT ROARED (Black '21) MDB Midseason–Late 7" (18cm) It may be small, but it has a big impact in a clump. It is another variation on a plicata theme reaching back to 'Ghost Ship'. It is a luminata but not in the traditional TB style luminatas by having darker fall veins rather than lighter. The upper half of white standards are shaded mid slate purple with butter edges. Startling white styles peak out from between them. Falls have bright yellow throats blended to white then washed light to mid violet to edges. Chlorophyll lines streak alongside beards turning to mid violet and darkening to edges. Sdlg. X229D, 'Fishnet Stockings' sib \$25.00

MY GAL (Black '21) BB Midseason–Late 26" (66cm) What a well-proportioned beauty 'My Gal' is! She's a color that will turn heads. Full and tightly formed blooms are a rich medley of peach, pink, and apricot with big vivid orange beards to get everyone's attention. She's not shy and will give you 9–11 blossoms on show stalks with 3 branches and spur. Superb parent. Sdlg. X143I, Merry Mulberry sib \$40.00

NIBBLE (Black '21) SDB Late–Very Late 15.5" (39cm) With very deliberate intent, I've been able to extend the bloom season for SDBs well into the TB season and created stalks with 3 and sometimes 4 branches with 8–14 buds. All this is made possible by keeping foliage short and slightly lengthening branches so all flowers can

show without being crowded. It is a new path and look for SDBs that I think gardeners will like. They will be a knockout on the show bench. 'Nibble' is a nice muted corn yellow blend with paler fall centers and big mid yellow beards. Three branches carry 9–10 buds. Sdlg. Y197A: U90A: (Date with Destiny x My Cher) X U66A: (Date with Destiny x S208A, Silver Ice sib) \$25.00

OUT OF THE ORDINARY (Black '21) Spec–X Early–Late 19" (48cm) 'Out of the Ordinary' has been an important stepping stone toward achieving late blooming, multiple budded and branched SDBs. Its diverse parentage is evidence of the breeding possibilities it provides over the entire bearded spectrum. Palest gray standards are washed pale smoked butter. Dark red purple falls blend lighter toward the edges and are intermittently and narrowly streaked light violet – a hint of broken color. Well-proportioned stalks have 3 branches plus spur and 12–14 buds. Sdlg. Y191A, Perfectly Composed sib \$25.00

OUTRAGEOUS VISION (Black '21) SDB Midseason–Very Late 15" (38cm) Here's another in the expanding line of late blooming, multiple budded and branched SDBs. Classically formed flowers have smoky light violet to buff pink blended standards and light pink to violet styles. Mid violet blend falls have cream hafts with dark plum veins that extend downward. Dark orange beards make it even more outrageous. Three well–spaced branches have 7–9 buds. Sdlg. Y211A: V193E: (Date with Destiny x Q47C, Devil's Delight pod parent) X V322A: involved \$25.00

SASSY SENORITA (Black '21) IB Midseason–Late 25" (63cm) From your first look, she'll have you wound around her little finger. Shimmering light pink flowers are washed darker true pink, no peach tones at all. Intriguing light green veins ascend the standards midribs and web out over the falls. Mid pink styles stand behind darker pink beards. Strong growing clumps are filled with stalks. Sdlg. Z175B: Sweet Pink X X208A: (T183A: (R203C: (M166A, Inspired sib x Love Spell) x R176A, Grace and Charm sib) x U73C: (Photogenic x O210B, Always Lovely sib)) \$30.00

WONDER BEARD (Black '21) MTB (tet) Midseason–Late 24" (61cm) The complex heritage of 'Portland Pink' made this advancement in MTBs possible. Its form is compact and lightly ruffled. The clarity of subtle gradations of pink is stunning. Light baby ribbon pink standards encase warmer pink styles. Light warm salmon pink falls are adorned with heavily saturated mid coral pink beards. Definitely a top pick for those who love pink irises. Two branches and terminal normally have 6–7 buds. Sdlg. X235C: (Portland Pink X Always Lovely)\$30.00

PAPER TIGER (Black '21)) MTB (tet) Midseason–Late 26" (66cm) 'Paper Tiger' is a darker, richer version of 'Fairy King'. Mid gold washed standards are lined and banded dark gold. Darkest red plum falls bend to purple and then to black centers, all underlaid with darker veins. Clumps are filled with show stalks. Sdlg. Y202E, Fairy King sib\$30.00

SPLASH (Black '21) SDB Early–Midseason 12" (30cm) You won't miss seeing it. Round, vivid yellow flowers have large slightly darker fall spots with fiery dark marigold orange beards. A patch of this brilliant creation will be a show stopping edge in your flower bed. Sdlg. X301A: (U161B, Lottery sib X Lottery) \$25.00

WOW GEE WHIZ (Black '21) SDB 15" (38cm) It is amazing to have three prime selections from the same cross. This luminata plicata has old gold standards washed darker brass overall and interesting green midribs. Mid gold styles lead to bold yellow luminata type fall spots that have light tan plicata markings becoming mid cinnamon toward edges. The lower half of fall is dark mahogany with a gilt gold rim. The big burnt orange beards will make you go 'Wow Gee Whiz'. Great from a distance or up close. Strong growth. Sdlg. Z190H, Flying Monkey sib \$25.00

PEACH MEDLEY (Black '21) SDB Early–Midseason 13" (33cm) What a yummy blending of pink to peach to mid apricot! The unique topping on this gorgeous medley is the two–colored beard. The throat is coral with distal half being white. It is a beautifully showy contrast. Sdlg. Y260D: V271A: (Orange Obsession x T219C, Meticulous pod parent sib) X V244A: (R273B, Lovable Pink sib x R273I, Lovable Pink sib) \$25.00

TAKE YOUR PICK (Black '21) SDB Midseason–Late 12" (30cm) You can take your pick from all the diverse personalities of 'Take Your Pick'. Standards are dark purple and styles a bit darker. Light pink ground falls may have anywhere from a dark purple plicata band to purple almost completely covering the falls. Markings can vary from flower to flower on the same plant. All are beautiful. Coral beards. Sdlg. Z185A: Pepito X X330G: (Bazinga x T229B: (R270A: (O315A: (L264C, Bright sib x M200C, Meow sib) x Circus Clown) x Extraterrestrial)) \$25.00

YOUR TURN (Black '21) IB (tet) Midseason–Late 26" (66cm) These more simply formed purple black flowers are born in great abundance from healthy clumps. Elaborately branched stalks composed of a main stalk and two basal branches produce 15–18 flowers. The garden impact is one of exuberance. Sdlg. Y201A: To The Contrary X Night Spirit \$30.00
