GARDEN CHIT CHAT

Welcome to the 42nd addition catalogue. We had all hoped that in 2021 we would see the end of the pandemic but alas it was not meant to be. Having a profession that is not only outdoors, but in the country away from the hustle and bustle of crowded stores and streets has certainly been a plus. Your support for Mid-America Garden has allowed us to live our passion for Iris and for that we offer a heartfelt thank you. Gardening in general, and in our case working in the field, is the best therapy in dealing with the everyday stresses of today's world, we are truly blessed.

Last year we invited your opinion on the continuation of the printed catalogue versus going web only. We were completely overwhelmed by the phone calls, messages, texts, emails, letters, and every other imaginable form of communication that we received. It was a resounding YES, "please continue with the printed catalogue!" It just so happens that we also like the printed version, so we did some thinking and pricing and decided to keep it going at least for the next few years. With the cost of production of everything going up, we had to make some tough decisions. The catalogue will continue to be free for those that live in the USA and have ordered in at least one of the last two years. Domestically we can still mail bulk rate which takes longer but is much cheaper than first class. Unfortunately, we do not have that same option for shipments out of the country. We no longer will mail catalogues to foreign addresses automatically. If you live outside the USA and still want the catalogue we request that you send \$10 (Canada) and \$20 for all other countries and we will put one in the mail to you. This was a tough decision to make. Ironically this issue is the largest ever that we have produced at 100 total pages with the order form and cover! So much for scaling back a bit-lol.

I would like to thank one person in particular for this catalogue that you are holding. Mirena Oberg designs and does the layout of the catalogue. I provide all the text and photos and then Mirena works her magic. This is the sixth edition that her and I have collaborated on. She loves doing the catalogue and she is my greatest cheerleader to keep it going. Thank you Mirena!

2021 was not without its highs as well. We always welcome a phone call from the American Iris Society president. This year was particularly exciting and my best year to date, receiving seven top awards including: Dykes Medal for Daring Deception, Wister Medal for Don't Stop Believing, Cook-Douglas Medal for Stop and Stare, Sass Medal for Code Of Honor, William Mohr Medal for Parable and Two Walther Cups for Alaia and Woody Woodpecker! There was also good news for our other hybridizers! Lynda Miller won the top Wister Medal with Football Hero and the Williamson-White Medal with Moose Tracks. Paul Black won a Wister Medal for Bluebird Of Happiness, Cook-Douglas Medal for Portland Pink, and a Caperne- Welch Medal for Elf Esteem and the coveted Board of Directors Award for Chubby Cheeks. This is a huge honor as this is an award that is rarely given. Congratulation Paul! Thank you to all the judges who took the time to grow and evaluate our hybrids.

If you haven't checked out our facebook page give it look, we

post quite regularly especially during bloom season and it is a strong form of direct communication to our customers. Our website has been updated with lots more photos. It is our goal to provide more than one image of each variety listed to help you better make your selections. Some flowers transition in color from one day to the next and of course can look quite different depending on the lighting. For those who love to show we try to get stalk shots and clump shots when possible. There is so much happening during bloom season that we don't always get all the photos we want, but we sure try.

If you are in the Salem, Oregon area and you would like to see the fields we are open every day from 10 to 5. Since we are on the same location as Sebright Gardens we just follow their hours. They are open every day from April to November. Peak Tall Bearded bloom for us has always been very close to May 19th. Median bloom can vary quite a lot from year to year depending on weather. It is always a good idea to email ahead of time and see how the season is progressing before making plans.

Lastly, I would like to mention communication. I do not have an office staff. I do all of the bookwork myself but am also working outside in the field during daylight hours so it can be very difficult to reach me by phone. I admittedly am not good at checking phone messages but am very good at answering emails. I try to respond to emails daily and sometimes many times during the day.

Thank you again for your continued support of our passion. Stay well and be safe.

Thomas

Starry Starry Night

STARRY STARRY NIGHT (P. Black '22) TB Midseason-Very Late 36" (91cm) Slight musky fragrance. It is a night you'll long remember. Classically formed, ruffled and lightly laced purple black flowers have standards with white sanded veins over their centers that show their plicata heritage. White fall hafts have closely spaced purple black lines and sanded veins transitioning to velvety purple black falls. Butterscotch beards turn to white climaxing in a white shooting star dart for a dramatic accent. It has a stunning presence even before opening. Bud reverses have chartreuse haft centers streaking into white center bands then white veins streaking into dark purple outer bands. It is an awesome look. Sturdy growth produces 4 well-spaced branches but only 7 buds. As if this wasn't enough, it has been a mystery progenitor of many broken color plicatas. There is nothing in the parentage to suggest this trait. I'm still exploring its potential. In one cross, about a third of the seedlings looked like it, a third were standard plicata types and a third were broken color plicatas. There is much to be explored! Sdlg. Streak Attack

STREAK ATTACK (P. Black '22) TB Early-Midseason 30" (76cm) Fragrance is strong and sweet. Blue-green and white variegated foliage in itself is relatively rare but then add purple base foliage and it becomes something quite exceptional. It is also one of the more stable variegated foliage types. Flower color is variable ranging from brownish plum to red violet with some flowers having large broken color segments of both. Flowers on some stalks are quite uniform for color while others are more varied. White hafts are veined and mottled auburn. Variegated stalks have 3 branches and 7-9 buds. Sdlg. X95B: Variegated Wonder X Black N128A: (Cool Confidence x J22A: *variegated foliage sport* (Crazy for You x Distant Roads))

SUN PEEKING OUT (P. Black '22) TB Midseason-Very Late 37" (94cm) Moderate sweet fragrance. This classically formed and ruffled beauty has silvery cream based standards blending upward to pale yellow with sunny yellow styles peering out from between them. Warm white ground falls have mid ochre plicata marked hafts and one inch light yellow bands subtly marked tan. Seven to eight buds are elegantly presented on stalks with 3 branches. Sdlg. Time
Capsule

TIME CAPSULE (P. Black '22) TB Midseason-Very Late 33" (79cm) Slight sweet fragrance. I've thought for a while it was time for an update of the older, 'Sand and Sea'. My ideal goal is yellow standards and band on blue falls. 'Time Capsule' is a notable step toward that goal. Dark red-violet standards base blend to gray then brassy gold then to tan margins. Pale blue falls are narrowly banded light yellow. Distinctive mid blue beards are tipped from tan throats to white ends. Compact flowers are lightly ruffled and laced. Three branches present 7-8 flowers. Sdlg. Z50C: Black V110B: (Fred and Ginger x Go for Broke) X Black V118A, Only the Shadow Knows sib **\$60.00**

TO TOO TWO (P. Black '22) TB Midseason-Late 33" (84cm) Slight sweet fragrance. Unlike the English language, these alluring uncomplicated flowers need no explanation; they are simply beautiful. Raspberry rose standards color is repeated in a blended band around cream to light peach falls. Orange beards provide a pointed accent. Makes a more subtle statement in the landscape. Sdlg. Z119C: Black V160G (Black S158A, Like a Breeze pod parent x Enough is Enough) X Time Out **\$65.00**

To Too Two

Too
Mixed Up

TOO MIXED UP (P. Black '22) Midseason-Late 29" (76cm) Pronounced spicy fragrance. If broken colored sorts are your proclivity, 'Too Mixed Up' should be on your must have list. Flowers are the ultimate in ruffled form but buds are bit lacking at 6-7. Standards are silvery white with random dashes, segments and slashes of violet to red violet. Falls are the same except rosy peach hafts. Two colored beards have tangerine throats ending in light lavender. Vigorous growth. Sdlg. X115B: Big Break X Break In **\$65.00**

**Waters
Edge**

WATERS EDGE (P. Black '22) TB Early-Midseason 32" (81cm) Pronounced sweet fragrance. The base of mid violet-blue standards blend outward to icy white. Milk-glass white falls have narrow blended light blue bands and blue-gray texture veins. Tan-gold beards end in white. Three branches and 7-8 buds. Sdlg. AA131E: Boogie Woogie Bugle Boy X Black Y69A: Jungle Mist X Black W2A: (Beauty Becomes Her x Black U1B, Luxuriant sib) **\$55.00**

**What A
Looker**

WHAT A LOOKER (P. Black '22) TB Midseason-Late 33" (84cm) Pronounced sweet fragrance. Pink, pink and nothing but pink including the beards. The pink pigment is overlaid on a warm white ground that prevents contamination from any other color. The pink beards approaching red will make anyone stop and turn with admiring glances. It is a garden favorite that catches most everyone's eyes. Eight to nine more simply formed flowers are presented on three perfectly spaced branches. Robust blue-green foliage is a big plus for pink TBs that can have less than stellar foliage. Sdlg. Z14A: Strawberry Shake X Black V186A: involved **\$65.00**

In Loving Memory

Those who are closest to me know my love for animals and birds and in this case dogs. Charity and Skye were litter mates and bonded as siblings would be. Just before Christmas, Charity got sick and in two days she passed away. She was only 2 and a half years old. It was a huge shock and one that was hard to deal with for me and for Skye. We honor her short but hugely memorable life here. She was a very special husky and we won't ever forget her sweet personality.
